ABOUT OJEN

The Ontario Justice Education Network is a non-profit, charitable organization that brings together leading institutions and individuals from the legal and education sectors to collaborate on initiatives designed to foster public understanding of the justice system. With the commitment of hundreds of volunteers, including judges from all levels of the courts, members of the bar, the Crown Attorney's office, court staff, legal aid clinics, law schools, teachers, and community representatives, OJEN reaches thousands of youth across the province each year.

SUPPORT FOR TEACHERS AND HIGH SCHOOL STUDENTS

OJEN supports teachers and high school students in Law and Civics classes through a variety of programs like courthouse visits and mock trials, as well as by facilitating the exposure of students to the justice system and the professionals who work in it. OJEN's Courtrooms & Classrooms program is an umbrella initiative that supports and facilitates new and ongoing links between the education and justice sectors. Mock trial programs utilize a full complement of justice sector volunteers, both in the classroom and in the courtroom. Each year, teachers have the opportunity to meet directly with judges and lawyers through OJEN's Law Institutes for Teachers, which provide professional development for teachers through a series of lectures and interactive sessions with legal professionals.

CURRICULUM RESOURCES

With the help of volunteers, OJEN develops curriculum-linked classroom resources for Civics and Law courses. OJEN's educational resources include *Landmark Cases* and *The Top Five*, which both summarize important Canadian legal decisions; *Making The Case*, a mock trial toolkit for teachers; *Everyday Law*, a 20-lesson resource designed for the workplace level law course; and *Values of the Justice System*, a curriculum-linked resource for Civics teachers. These resources, developed and reviewed by both education and justice sector volunteers, provide up-to-date, age-appropriate classroom resources for teachers around the province. All of OJEN's resources are available for free download, in French and English, at www.ojen.ca.

OUTREACH

OJEN's outreach projects focus on the experiences and needs of communities of youth with a historically challenging relationship with the justice system. OJEN offers outreach programming and justice education initiatives for Aboriginal youth, Newcomer youth, Francophone youth, and youth living in underserved communities. Information on all of OJEN's programs and resources can be found on the OJEN website, www.ojen.ca.
