

# 2012 OJEN

# GREAT DEBATE

## ACTIVE CITIZENS:

### *Youth Ideas for Legal Reform*

In celebration of OJEN's 10th year anniversary, this year's Great Debate highlights proposals young people have made while engaged in OJEN programs about legal reform, ideas on active citizenship or their experience of the justice system. Attendees will hear five short presentations from community or school groups and then participate in the debate, which will include challenging the students on their proposals.

The Ontario Justice Education Network (OJEN) and The Law Society of Upper Canada are pleased to present this annual event, where lawyers, educators and academics meet to discuss the issues affecting Canadians. A networking reception will follow the debate. Light refreshments and snacks will be served.
